## Ira D. Wines

### Deeds City Park

Also Offers City, at Nominal Price, Block West of Center Street—Provision of Deed Calls For Expenditure of Over \$11,000 in Eighteen Years.

This week there was placed on record in the County Recorder's office a deed signed by Ira D. Wines and Elizabeth Wines, his wife, conveying to Lehi City Block 81, Plat A, Lehi City survey. The instrument was drawn up and signed on December 19, 1914.

Among the provisions of the deed are that it shall be enclosed with a fence of two iron rails in wooden posts set in cement. It shall be known as the Margaret Wines Park.

The sum of \$1,000 shall be spent on it in 1915, in leveling it down, platting it out and seeding to grass, etc. Thereafter for a period of eighteen years, the City shall spend at least \$500 per year in keeping the plat in a park condition. After eighteen years the absolute title vests in the City, providing all the requirements of the deed have been complied with. In case of failure in any requirement contained in the deed, then the title reverts back to the grantees. The City has already complied with the fence provision of the deed, and has spent \$600 in sidewalk paving on three sides of the block.

There is also a provision permitting the City to build a City Hall on the block, provided that the building is erected either on the Northeast or Southeast corner.

Mr. Wines also offers to sell to the City, at a very low price, the block west of block 81. There is a wide-spread sentiment that the City should own this tract and construct a base ball park thereon. Those who favor this purchase also favor closing the street between the two blocks, making one big park of about six acres. It is understood that the question of the purchase of the additional block was to have been considered by the City Council at its last session. I will probably be presented for the consideration of the Council early in the new year. Some of the councilmen refuse to commit themselves on the matter.

## Mosida's Troubles To Be Straightened Out

The stockholders of the Mosida Fruit Lands company will hold its annual meeting in Salt Lake City next Monday, when it is expected that a good many things will be untangled and explained. There has been a world of trouble at Mosida during the past year and several of the farmers have given up and moved away. Two men from Ogden were in Lehi Monday on their way home.

It appears that to begin with the canals were too small to carry the water, and when the farmers began to cry for water, the transformer burned out and there was no water for anybody, till a new one was installed. By this time many of the crops were too far gone to be saved. People who went there with their all invested in land found themselves stranded. However, some of the farmers produced good crops and are satisfied. The company has arranged the electrical appliances, safety switches, etc., so that there will be no re-occurrence of this season's disaster, and the people are becoming more hopeful for a bounteous season next year. They have plowed up a big acreage for planting next year.

Captain E. A. Wedgewood is the

## Merry Xmas and Happy and Prosperous New Year to all

ARE THE BEST WISHES OF THE

Webb's Jewelry Store

I also wish to thank my many patrons, both in Lehi and surrounding towns, for their patronage during the past year.

I have aimed to satisfy all and have had one of the most successful years since I have been in business. Hoping that I can still continue to satisfy my many friends, I remain at your service.

Ernest N. Webb

Jeweler and Optometrist

Main Street Lehi, Utah

new president and general manager, and W. F. R. Mills is the new secretary and assistant manager.

The people are preparing for a program and Christmas tree Wednesday evening, and for a dance Christmas Eve.

Ben Chase, manager of the hotel, this week received a letter from home announcing the death of his father.

## Rabbits Resemble Sheep Herd

Big Drive Would Make Good Motion Picture Film.

Mr. David Carson came in from Fairfield Monday. He reports that the rabbits in the valley have gathered into the tall rabbit brush south of Fairfield, where they are so thick that they resemble a big sheep herd. He says that conditions are ideal for a drive and that if one were made now that over 10,000 rabbits could be secured without the use of a gun.

The people of Fairfield would turn out en masse if a drive was organized. In the recent hunt the Salt Lakers shot but a small per cent of those that they saw. Many would shoot 100 shells to get ten rabbits. Of course some were better shots and got as many as 100 each.

Mr. Carson thinks a big rabbit drive would furnish great sport and that if one were made a motion picture concern would come down from Salt Lake City and make films of it.

## Saratoga Springs Ranch Leased

Company Will Grow Sugar Beet Seed.

The famed Saratoga Springs ranch now owned by the Austin Brothers Association, has been divided up and leased, 150 acres to Gilbert and Arthur Knudson, and about the same acreage to John Whimpey and James B. Clark. The balance of the tillable land will probably be rented to the Utah-Idaho Sugar company for the purpose of growing sugar beets and sugar beet seed.

The sugar company has petted sufficient mother beets to plant about 40 acres. But it has not yet been settled whether these beets will be planted at Saratoga or on the bench land under Bull River. The possibility of there being difficulty in securing sugar beet seed from Germany has decided the sugar company to plant a big acreage in Lehi, Garland and Idaho.

## "Farmers' Home For Holidays

Lehi's colony of young men attending school at the State Agricultural College all came home early in the week to spend the holidays with their folks. They all report making good progress in their classes. When a student makes good in his classes he is placed on the first College Roll. Most of Lehi's students are on College Roll A, and the balance are on Roll B. Most of them are taking agricultural courses and two or three are enrolled in the engineering and chemistry departments. Among those who came home are: Jesse Woodhouse, Earl Jones, Arno Kirkham, Clarence Jones, Clarence Cotter, Harry Cook, Ralph Cotter, Virgil Dorton, Lawrence Harmon, Newburn Butt and Lawrence Bergin, George Holmstead and Mrs. George Holmstead. They are all graduates of the Lehi High School. School will not open again till Jan. 5.

## Seranton Mine Looks Good

Alex Adams and Chris Anderson came in this week from Seranton, to spend the holidays with friends. They have been doing development work on the North Seranton property owned by Lehi people. They report this see copy see copy see copy property looking fine.

## Will Compete With Street Cars

Mr. A. Douglas was in Salt Lake City Friday and helped to organize an automobile transportation company, which will compete with the Salt Lake City street cars. The new company will run lines of automobiles to all parts of the city where there is paved district, and haul the people for 5 cents, same as the street car. A similar line is working successfully in Los Angeles.

## Will Develop Mine

The American Copper Mining company has leased another assessment and will send several miners out to their property early in the year to resume development work on this promising property at Simpson Springs. Lehi people are the principal stockholders.

## Farmers Meet

Saturday, December 26th

The farmers of Lehi will hold a meeting Saturday night, December 26, at 8 p. m., in the Lehi Commercial club rooms to discuss the advisability of forming a local branch of the National Farmers' Society of Equity. A beginning was made last week, but as there were but few farmers present it was deemed best to get all the farmers interested before perfecting an organization.

In the east there are locals in almost every township where farmers are located. Cache and Box Elder Counties have locals in nearly every precinct and societies will be placed in every county in Utah. The one to be organized in Lehi will be a part of the County, State and National organizations.

The prime object of the society is the principle of co-operation. All of the trades and professional men are organized and have their schedule of prices and wages. Farmers are the only people without an organization and suffer more from the middle man than any other class. If a car load of seed potatoes were wanted from a clean district, middle men reap the profit and the farmers may even then get diseased potatoes. Farmers in some localities buy baled hay, but if a Lehi local sent its order to an Idaho local, probably two commission men's profit would be eliminated. In everything that a farmer buys or sells, if it were done through the farmers' clearing house, there could be a wonderful saving, as there can be no reason why the farmer should not get wholesale rates if he buys in wholesale quantities.

Every farmer in the vicinity of Lehi should turn out Saturday night and at least listen to an explanation of what is intended to be accomplished. The place is the Commercial club rooms, the time is December 26, at 8 p. m.

## Floral Presents Very Popular

Mrs. Joseph S. Broadbent says that it pays to advertise. For two weeks the Lehi Floral company carried a small ad in this paper, advertising carnations and roses for Christmas. Five days before Christmas every flower in their large establishment had been sold, and many customers had to be turned away. Floral gifts seem to have become suddenly popular and this company will increase its capacity for future holidays.

## MISSIONARY CONCERT AN ARTISTIC SUCCESS

Seven hundred people attended the missionary concert in the Tabernacle Sunday night, and intensely enjoyed the eleven numbers given by Prof. Waldemar A. Call, Prof. Tracey Y. Cannon, Miss Louise Watson and Alfred Cordwell of Salt Lake City, of organ solos, duets and vocal solos rendered. It has been a long time since there was a more appreciative

audience to a concert in Lehi, and a long time since we had a concert more worthy of appreciation.

The Salt Lake City musicians gave their services gratis. A collection of \$38.28 was taken up and will be used as Christmas presents to the missionaries.

## Lehi Defeats Granite

In the fastest basket ball game of the season in the Smuin's Academy, last Friday night, Lehi High School sent the crack Granite team down to defeat with a score of 28 to 24. It was probably the roughest game ever played in Lehi, somebody being on the floor most of the time. The Granite five were all members of the Granite foot ball team and they showed it in their playing. Lehi accommodated the visitors in their seeming desire to "rough it" and when a man was down Lehi usually was on top. While Lehi was the smaller team it showed the best science and most speed, a result of the efficient training of coach Miner. The score was the same in both innings, 14 to 12 in favor of Lehi. Following is the line up.

Granite	Lehi
Hart.....lf	Gray
Thorum.....rf	Wanless
	Taylor
Mackey.....c	Ashton
Hamilton.....lg	Darton
Staton	
Hasknecht.....rg	Jones
Stevenson	

## Lehi's History

The Pioneer Committee, who published the history of Lehi, announce that they have several left, and they may be obtained by calling on Bishop Fjeld. This history contains facts that are valuable, and data that is of the most intense interest to every citizen of the town, and to those who have once lived here. It is written with literary ability, and no family library in Lehi will ever be complete without one. After a few remaining ones now left are sold, it is not probable that any more will ever be obtainable, so those who have none would do well to see Bishop Fjeld at once.

## RED CROSS VAUDEVILLE BRINGS SUM OF \$58.20

The Red Cross Vaudeville, gotten up by the local chapter and presented in the Royal Theatre Tuesday evening, was all that its promoters could have hoped for. \$58.20 was taken in at the door and the management donated the use of the beautiful play house. This will bring Lehi's contribution up to over \$100.00. Nearly every number was loudly encored and deserved encore too. It is safe to say that no entertainment has given more pleasure in many months.

## TWO MEN

Charles R. Barrett

### THE MAN WHO QUILTS

The man who quilts has a brain and hand As good as the next; but he lacks the sand That would make him stick, with a courage stout, To whatever he tackles, and fight it out.

He starts with a rush and a solemn vow That he'll soon be showing the others how; Then something new strikes his roving eye, And his task is left for the bye and bye.

It's up to each man what becomes of him; He must find in himself the grit and vim That brings success, he can't get the skill, If he brings to the task a steadfast will.

No man is beaten till he gives in; Hard luck can't stand for a cheerful grin; The man who fails needs no better excuse Than a quitter's whining "What's the use?"

For the man who quilts lets his chances slip, Just because he's too lazy to keep his grip. The man who sticks goes ahead with a shout, While the man who quilts joins the "down and out."

### THE MAN WHO STICKS

The man who sticks has this lesson learned; Success doesn't come by chance—it's earned By pounding away; for good hard knocks Will make stepping stones of the stumbling blocks.

He knows in his heart that he cannot fail; That no ill fortune can make him quail while his will is strong and his courage high, For he's always good for another try.

He doesn't expect by a single stride To jump to the front; he is satisfied To do ev'ry day his level best, And let the future take care of the rest.

He doesn't believe he's held down by the boss— It's work, and not favor, that "gets across."

So his motto is this: "What another man Has been able to handle, I surely can."

For the man who sticks has the sense to see

He can make himself what he wants to be, If he'll off with his coat and pitch right in— Why, the man who sticks can't help but win!

# : - X - M - A - S - : : - GREETINGS - :

THIS IS THE SEASON OF GOOD WILL.

WE EXTEND OURS TO EVERYBODY; TO THOSE WHO BUY OUR GOODS, AND TO THOSE WHO DON'T; EVEN TO THOSE—IF THERE ARE ANY—WHO SAY THEY NEVER WILL BUY THEM.

THERE IS ALWAYS ROOM IN THIS WORLD FOR GOOD WISHES, AND WE WANT YOU TO ACCEPT OURS. HERE'S TO YOU AND THE FAMILY, MAY YOU LIVE

LONG AND PROSPER!
